Re: Richard Harding 832 West 47th Street Hibbing MN

The applicant in this case is requesting a conditional use to have an accessory structure over the maximum size of 1800 square feet allowed in the R-1 zone. A conditional use for this request is allowed when a lot size exceeds 18,000 square feet; the applicant's lot size is 40,200 square feet. The proposed structure square footage is 2400 square feet. The amount of square feet being requested over the 1800 square feet is 600 square feet.

This request is allowed under the conditional use criteria according to Section 11.05 Subd. 4c. The request is reasonable with the large lot and where the garage will be located. The request meets all criteria for a conditional use permit.

Any proposed accessory structure under this procedure may exceed the wall and roof peak height provided the request is specified in their application for a conditional use.

Notice: Approved Conditional use Permits are valid for one year after which the same shall be revoked in the event that the proposed construction has not been started.

APPLICANT: Be sure you have carefully read through both pages of this application before starting. *Print clearly in blue or black ink, or type to complete* application; provide required attachments, signatures and appropriate filing fee (Staff may not accept an incomplete application, or process it for public hearing). **ATTENTION:** *Attachment Of The Deed Recorded For The Subject Property At The Time Acquired By Current Owner/s Is Required – City of Hibbing may not accept your application or process it to be heard without it.* Provide name(s) of all property owners (i.e. spouse, co-owners). **OWNERSHIP:** Applicant *must* have permission of subject property's owner/s to apply and *must* have him/her sign application, or sign (and attach) a letter of permission. Applicant *shall attach* a **SITE PLAN** drawn-to-scale showing all lot dimensions, the proposed use, all existing and proposed buildings/additions, all building dimensions and distances (setbacks) from property lines. **IMPORTANT:** All documents and plans (in triplicate) as required in City Ordinances, Section 11.73, Subd. 3, Procedure (paragraphs) A and B, *shall be attached [Unless otherwise excused in writing by Planning Commission upon a preliminary appearance before the Commission; as per said Subd. 3, A. – NOTE: this will delay scheduling the public hearing and the City Council's final decision – Consult with Zoning Administrator on this matter.]* **Complete both pages of this application as instructed! Please feel free to ask Staff for help if you are having difficulties with completing application.**

The completed application in triplicate (include both pages if this form is copied on two separate pages), all required attachments and filing fee must be received by the Zoning Administrator's office no less than (3) three weeks prior to the regular public hearing dates (which are the **SECOND MONDAY** of the month, or **FOURTH MONDAY** if scheduled). The process from acceptance of application to public hearing (before the Planning Commission) and the City Council Meeting for their final approval/disapproval authority may take a minimum of 4 to 6 weeks (see above*). Legal Notices must be published no less than 10 days before the public hearing. Any party aggrieved by the Council's decision may appeal to District Court.

BURDEN OF PROOF RESTS WITH APPLICANT. Applicant is required to provide evidence in support of a CUP or IUP request, as per City of Hibbing Code of Ordinances, Chapter 11, Sec. 11.73, Subd. 2, A., B 1, 2, and 3. IUP's shall meet the standards of said Sec. 11.73 as for CUP's, except an IUP is not transferable (and a termination date may also be added as a condition) – see City Ordinance Sec. 11.78. The City Council has final approval/disapproval authority for all CUP's/IUP's upon finding of fact recommendation from the Planning Commission. The applicant may attach other information (i.e. letters, petitions, appraisals, photos, etc.) relevant to the request. The applicant's evidence is as follows [attach additional pages if needed]:

1. The proposed building or use is specifically listed as a conditional/interim use in the regulations applicable to the district in which it is to be located (Ord. 11.73, Subd. 2, A);

YES: X, or NO: *It is listed as a conditional use in the R-1*

2. That the proposed building or use at the particular location requested is necessary or desirable to provide convenience and will contribute to the general welfare of the neighborhood or community (Ord. 11.73, Subd. 2, B 1); Applicant's Evidence:

Will allow me to park work and personal vehicles, also ATVs, boats, etc. indoors, rather than in the yard.

3. That the proposed building or use will not have a substantial or undue adverse effect upon adjacent property, the character of the neighborhood, traffic conditions, utility facilities, and other matters affecting the public health, safety and general welfare (Ord. 11.73, Subd. 2, B 2); Applicant's Evidence:

The garage will not be visible from the street. It will match the exterior of the house. As many adjacent trees as possible will be left standing.

4. That the proposed building or use will be designed, arranged, and operated so as to permit development and use of neighboring property in accordance with the applicable district regulations (Ord. 11.73, Subd. 2, B 3). Applicant, explain how proposed building or use will comply with this requirement:

The building will be accessed from my existing drive-way, and does not interfere with any neighboring property.

Sec. 11.73, Subd. 3, F, stipulates that a CUP for any construction, alteration (i.e. requiring a building permit), or operation shall be valid for a period of one (1) year, after which the same shall be revoked in the event that such construction, alteration, or operation has not been started in accordance with the terms of the CUP (Note: this shall also apply to an IUP as referred to in the above noted standards).

The applicant/owner should be aware that revisions may be required and that certain operating conditions such as but not limited to building appearance and location, site landscaping and screening requirements may be attached to any CUP/IUP for it's approval. The owner/applicant should also be aware that failure to comply with a CUP/IUP, including any revisions and/or conditions attached to it may also constitute a violation to Chapter 11 and/or other applicable regulations of the Hibbing City Code of Ordinances, whereby the City of Hibbing has the authority to order compliance, or order such use or construction to stop, or revoke the CUP/IUP.
